## Elluminate + Blackboard

### Intelligent Integration for 21<sup>st</sup> Century Learning

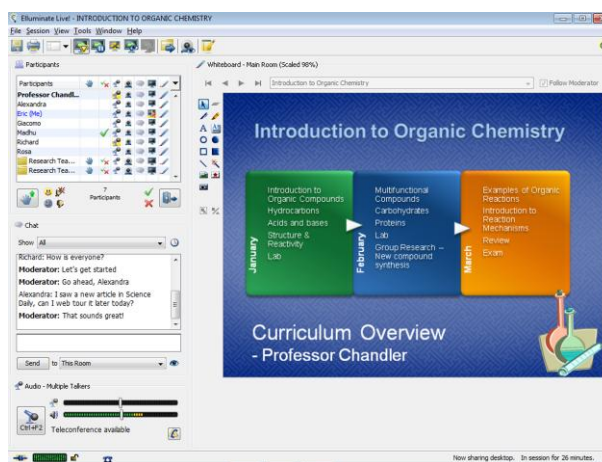

For many, a successful eLearning solution means a blended approach. That's why Babson College, Chicago State University, Massachusetts College of Pharmacy and Health Sciences, Rutgers University, South Orange County Community College, University of Alaska, and others have chosen to integrate Elluminate's virtual classroom with the Blackboard platform for a seamless—and superior—learning experience.

#### Optimized for education

Why is Elluminate the trusted choice of millions of educators and students worldwide? Our decade-long focus on education means solutions designed to transform teaching and learning.

Our Collaborative Communications Framework ensures that all students are in sync, regardless of computer platform or Internet connection speed.

Our No User Left Behind™ technology means all students, even those with disabilities, get a richer, more interactive learning experience.

"Having Elluminate plugged into the Blackboard platform has expanded the use of Elluminate at Babson immensely. Faculty can now create sessions on their own with an interface they are familiar with and are secure knowing that only registered students can access and attend their course." Tova Garcia Duby, **Babson College**
