

lluminate Next>™ Boot Camp

The Elluminate Next>™ Boot camp is a one-day, onsite, highly interactive Combination of demonstrations, product training, and hands-on application of techniques and skills.

Objectives

Upon completion of this boot camp, you will be able to:

1. Identify potential and opportunities of packaging content with Elluminate *Plan!*™
2. Create a plan file that is ready to deliver via Elluminate *Live!*®
3. Prepare interactive content to support dynamic learning in a virtual classroom
4. Adapt existing content for Elluminate *Plan!* delivery
5. Deliver an Elluminate *Live!* session using a plan file
6. Convert Elluminate *Live!* recorded events for offline play back using Elluminate *Publish!*™

Scope

The Elluminate Next> Boot camp is a balance of product training and practical exercises to immediately apply newly acquired knowledge. We encourage you to bring your course materials, including syllabi, outlines, presentation files, exercises, group work, website addresses, assessment questions, multimedia files, and links to recorded Elluminate *Live!* sessions. Plus, you'll receive a packet of useful materials for reference after the Boot Camp.
