

Elluminate Bridge for ANGEL Learning™

Seamlessly integrate live, synchronous content and collaboration into existing coursework.

Schedule, deliver, and record real-time online classes from within your ANGEL learning environment.

What does Elluminate Bridge for ANGEL Learning™ do?

Elluminate brings you a full featured integration that easily and seamlessly bridges the gap between asynchronous and synchronous eLearning. With the Elluminate Bridge for ANGEL Learning, you can combine your asynchronous ANGEL LMS technology with the Elluminate *Live!*® Internet-based, real-time eLearning and web collaboration tool that ensures a superior user experience regardless of computer platform or connection speed.

For instructors and staff

Already using ANGEL for your distance learning? Now you can add Elluminate *Live!* online sessions to existing courseware. You can even record your classes for those who missed the live session or want to review. And your students can launch a synchronous Elluminate *Live!* session directly from ANGEL with a single click.

Elluminate Bridge for ANGEL Learning:

- Adds only a few new drop downs and check boxes to the ANGEL environment you already know
- Allows you to schedule, access, and record sessions directly from ANGEL, with no new training needed on another application
- Enables you to manage your own class recordings, with no additional help from IT staff

The screenshot shows the 'Introduction to Chemistry' course page in the ANGEL LMS. The 'Communicate' tab is active, displaying a 'Course Mail' section with 'View Inbox' and 'Unread Messages' (0 messages). Below this is the 'Course Roster' and 'Course News and Events' sections. On the right, the 'Elluminate Live!' section is visible, showing a table of sessions:

Session Name	Moderator	Start Date	End Date
INTRODUCTION TO CHEMISTRY	Teacher	1/6/2009 7:30:00 AM	1/6/2009 8:30:00 AM
EXAM REVIEW 4 - MODIFIED	Teacher	1/5/2009 1:30:00 PM	1/5/2009 2:30:00 PM
CHEMISTRY LAB	Teacher	1/5/2009 7:00:00 AM	1/5/2009 11:00:00 AM
WELCOME TO CHEMISTRY	Teacher	1/6/2009 10:15:00 AM	1/6/2009 11:15:00 AM

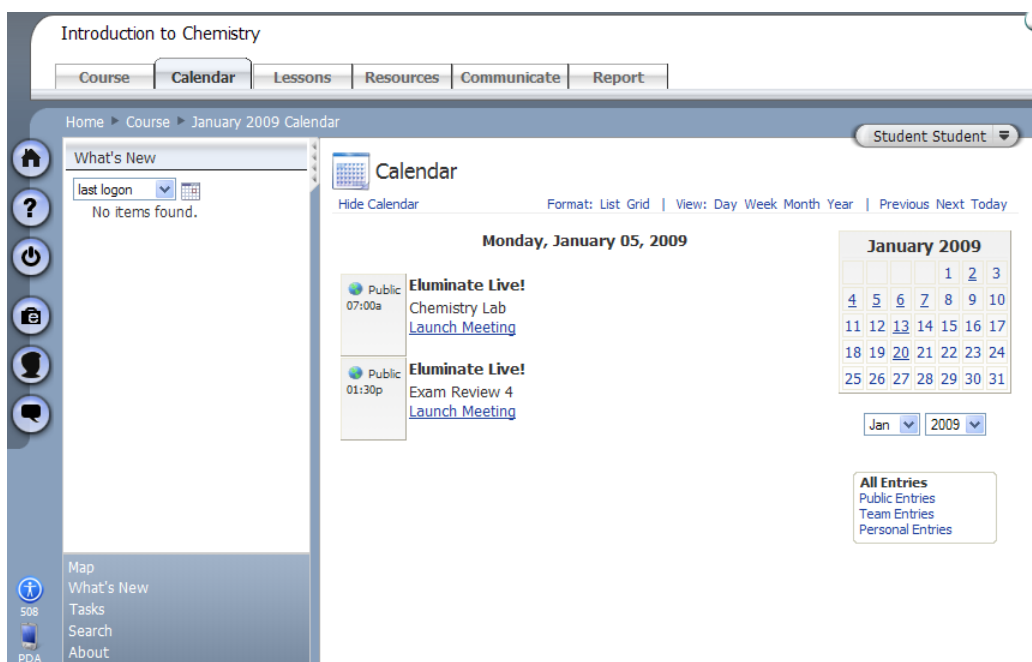

The Elluminate Live! Nugget is seamlessly embedded in your ANGEL LMS.

For IT and technical staff

Need deployment flexibility and simplicity? You have it with Elluminate Bridge for ANGEL Learning. The integration quickly and securely installs into your existing ANGEL LMS environment and connects to the Elluminate *Live!* application as an ASP service with Elluminate.

Elluminate Bridge for ANGEL Learning:

- Leverages existing student and staff directories already accessed through ANGEL, with no parallel directories to set up
- Adds few user interface additions to ANGEL, allowing staff and students to quickly embrace real-time classes through the familiar ANGEL interface with minimal IT training
- Is fully supported by Elluminate, enabling your team to have a worry-free experience connecting ANGEL LMS to the Elluminate *Live!* ASP service.

Students can access Elluminate Live! sessions directly from their ANGEL calendar.

For CIOs, provosts, and other administrators

Elluminate understands that your students expect real-time classes and collaborations as part of today's academic environment. Plus, we know you've made a significant investment in your ANGEL implementation. The Elluminate Bridge for ANGEL Learning is a cost-effective way to extend your existing eLearning investment to include synchronous components.

Elluminate *Live!* and Elluminate Bridge for ANGEL Learning:

- Come to you from two industry leaders that focus exclusively on deploying effective online learning environments
- Are used successfully enterprise wide by academic institutions for direct instruction, professional development, collaborative meetings, remote guest lecturers, and more
- Include professional services, training, and implementation help from the experienced Elluminate Team
