For Instructors and Students

Instructors can schedule and deliver classes using lluminate *Live!*®, the web-based, real-time, multi-platform eLearning tool that includes superior VoIP, integrated teleconferencing, multipoint video, interactive whiteboards, best-in-class breakout rooms, application/desktop sharing, file transfer, presentation import, indexed recording, and much more.

Students can launch an interactive lluminate *Live!* session or recording directly from Desire2Learn Learning Environment with a single click. And that means a superior user experience every time-regardless of connection speed.

For IT and Technical Staff

Need deployment flexibility and simplicity? Install the integration easily, quickly, and securely into your existing Desire2Learn Learning Environment. Then connect to the Elluminate *Live!* application you already have as an ASP service with Elluminate. Support for server-based applications will be available by year end.

For CIOs, Provosts, and Other Administrators

Extend and leverage the investment you've made in Desire2Learn and achieve an even more personalized and active learning solution. Elluminate Bridge for Desire2Learn enables you to cost-effectively broaden your eLearning infrastructure to meet the needs of your students and provide a 21st century learning experience.
