

## Elluminate Learning Suite

The eLearning landscape is evolving. And Elluminate's enabling technology and "learning-edge" products take you beyond the virtual classroom to support the entire instructional cycle—what happens BEFORE, DURING, and AFTER the real-time online session. Welcome to EDU 2.0!

### Before

Elluminate *Plan!*<sup>TM</sup> allows you to organize, script, and package content and activities ahead of time, automating routine tasks during the live session, so you can focus on facilitating real-time interaction. Expand the use of live eLearning to more instructors and leverage content created by others.

### During

Elluminate *Live!*<sup>®</sup> enables instructors and students to interact and collaborate in real time to add synchronous content to asynchronous distance learning or combine blended online/onsite learning activities. Engage more people in more ways to promote active learning and improve student performance.

### After

Elluminate *Publish!*<sup>TM</sup> allows you to create standalone recordings or industry-standard audio files from Elluminate *Live!* session recordings. Store on computer, LMS, website, or CD-ROM. Play back the audio files on your iPod or view the standalone recordings even when not connected to the Internet.

## What does Elluminate do?

Millions of educators and students worldwide have experienced the Elluminate difference. Today, Elluminate's "learning-edge" products take educators into the interactive virtual classroom and beyond. Not only do our solutions support activities across the entire instructional cycle, they also integrate with existing applications in the academic infrastructure and scale easily from department or campus level to complex, multi-campus enterprise-wide deployments.

### The Next> big thing in online learning

Elluminate *Live!* is the clear choice of millions of educators worldwide. What's next? How about helping instructors deliver online with confidence or capturing live sessions for on-demand access? Elluminate Next> combines Elluminate *Plan!* and Elluminate *Publish!* in one convenient package. Now you have everything you need to plan, present, record, and publish.

### Elluminate the enterprise

Education in the 21st Century is all about engaging more students in more ways with universal access, personalized learning, and a global classroom. At the same time, it's important to create a culture of collaboration between departments, campuses, and institutions to facilitate communication, decrease costs, and increase competitive advantage. We call it "elluminating the enterprise." And Elluminate's enabling technology is enterprise-ready, taking you from departmental to cross-organizational deployment with ease.

### Why is Elluminate the clear choice for educators?

- Add live interaction to distance learning
- Extend the boundaries of the physical classroom
- Engage more students in more ways
- Improve student outcomes
- Create reusable learning objects
- Leverage institutional expertise
- Build community and foster social networking
- Facilitate research and collaboration

### A company you can count on

The numbers don't lie. With over 3 million users in 185 countries and more than 1,000 satisfied customers, Elluminate is a company you can count on to deliver exceptional outcomes across the enterprise. No wonder Elluminate is the clear choice for educators worldwide.

*"Duke is a global institution with an immediate need to extend its reach in terms of affecting teaching, learning, and research. We wanted to find a single solution that would best meet the needs of the entire Duke Community, providing functionality for distance education, opportunities for collaboration, and support for outreach activities."*

– Ben Rogers, Duke University Digital Media Solutions Group
