

Elluminate Bridge for Sakai

Seamlessly integrate synchronous content and collaboration into existing coursework

Elluminate brings you a full-featured integration that easily and seamlessly bridges the gap between asynchronous and synchronous distance learning. With the Elluminate Bridge for Sakai, you can combine open-source Sakai technology with Elluminate *Live!*® to schedule, deliver, and record real-time, online classes from within your familiar Sakai Learning Environment.

For Instructors and Students

Now instructors can schedule and deliver classes using Elluminate *Live!*, the web-based, real-time, multi-platform eLearning tool that includes superior VoIP, integrated teleconferencing, multipoint video, interactive whiteboards, best-in-class breakout rooms, application/desktop sharing, file transfer, import, indexed recording, and much more.

Plus, your students can launch an interactive Elluminate *Live!* session or recording directly from Sakai with a single click. And that means a superior user experience every time-regardless of connection speed.

For IT and Technical Staff

Need deployment flexibility and simplicity? You have it with the Elluminate Bridge for Sakai. Install the integration quickly and securely into your existing Sakai environment. Then connect to the Elluminate *Live!* application you already host on your own server or as an ASP service with Elluminate.

For CIOs, Provosts, and Other Administrators

You've made a significant investment in your Sakai deployment, training, and staff buy in. At the same time, today's students expect more personalized, active learning. Elluminate Bridge for Sakai enables you to cost-effectively extend your eLearning infrastructure to meet the needs of your students to provide a 21st century learning environment.

Why Elluminate Bridge for Sakai?

- Add synchronous content to distance learning
- Schedule and deliver Elluminate *Live!* sessions
- Attend live sessions with a single click
- Create, archive, and share interactive session recordings
- Invite guest speakers to live sessions
- Designate moderator and participant roles
- Leverage your technology investment
- Use existing student and staff directory structures
- No additional user names or passwords required

Elluminate *Live!* and Elluminate Bridge for Sakai:

- Are used successfully enterprise wide by academic institutions of all levels for direct instruction, professional development, collaborative meetings, remote guest lecturers, and more
- Are fully supported by Elluminate's 24x7 support staff.
- Include professional services, training, and implementation help from the experienced Elluminate Team
