### Where Bright Ideas Meet

Are you an Elluminate Live! enthusiast? Whether you are an advanced user or just starting out, our Elluminati online user community has something for everyone. It's a place for those who are passionate about live eLearning and online collaboration to connect, communicate, and collaborate with their peers.

For the seasoned user, share your experience and expertise. For the novice, learn how to leverage Elluminate technology most effectively for your organization. Stay current with new trends and techniques, meet and interact with other users, exchange ideas, develop best practices, expand knowledge, and much more.

With hundreds of members, our Elluminate community is made up of teachers, instructional designers, administrators, professional trainers, IT staff, and others from academic institutions, corporations, nonprofit organizations, and government agencies around the globe. As part of the Elluminati, you can participate in monthly online meetings, log in to our online community site to access a variety of resources, and even share ideas for new product enhancements and help with product testing.

### Live Monthly Sessions

Each month, our online, interactive Elluminati meetings provide opportunities for networking with other users. Feature presentations and panel discussions are filled with practical information and real-world applications from organizations like Bentley Systems, Georgia State University, Kansas University Medical Center, Queen's University, and Tennessee Tech University. And every informative and interactive session is recorded and archived for easy playback at your convenience.

*"There are so many exciting ways to use online technology to enhance teaching and learning. The Elluminati community is a great way to share ideas and experiences with Elluminate Live! users around the world."*

**Ian Smissen, Deakin University**

### Elluminate Online Community

Our online community website features a rich array of collaboration options and a growing set of resources for Elluminate Live! users. Create a member profile with your photo, check out the event calendar for information about the next online meeting, access a recorded session presentation, join a discussion or listserv, find out about the latest call for conference presentations or available grants on the note board, and participate in an industry survey. There's even a 24-hour Elluminate Live! virtual meeting room available.

### Annual Conference

Our annual user conference for K-12 and higher education is your opportunity to get together with your fellow Elluminati to meet face-to-face and learn about how Elluminate Live! is being used to add real-time interaction to distance learning, expand the traditional classroom, provide faculty and staff professional development, and so much more. Past presentation topics included the significance of social presence in distance learning, delivering multi-modal courses, and the application and benefits of podcasting.
