

21st Century students learn differently, and 21st Century educators need the tools to reach them. Elluminate is leading the way with support for the entire online instructional cycle—what happens BEFORE, DURING, and AFTER your real-time session. Welcome to EDU 2.0!

Transform the teaching and learning experience

Elluminate *Live!*[®] is built specifically for live, multi-media, many-to-many collaboration. Our unique Collaborative Communications Framework (CCF) ensures that all students are in sync, regardless of computer platform or Internet connection speed. Our *No User Left Behind*[™] technology means all students, even those with disabilities, get a richer, more interactive learning experience.

From two-way audio, multipoint video, and shared whiteboards to application sharing, interactive recording, and breakout rooms, all Elluminate *Live!* components are tightly integrated to provide the ultimate interactive learning environment. Whether you have two students — or two hundred — Elluminate *Live!* enables world-class communication, collaboration, and education that transforms teaching and learning.

What does Elluminate Live! do?

Only Elluminate offers a real-time, interactive virtual classroom that provides a customized online experience for every participant, delivers exceptional outcomes across the enterprise, and seamlessly integrates into the academic infrastructure.

For instructors

Bridge the gap between text-based asynchronous distance learning and the face-to-face interaction of a physical classroom. Elluminate Live! is an intuitive, instructor-led environment that delivers real-time, interactive education and encourages real learning and collaboration.

For administrators

Enhance learning opportunities for existing students and reach new ones. Leverage limited resources, provide professional development, and facilitate multi-campus meetings and inter-institutional research projects—without costly travel or telephone/video conferencing.

Why is Elluminate Live! the clear choice for educators?

- Reach hundreds of participants simultaneously
- Enhance learning opportunities while increasing reach and enrollment
- Add virtual or blended online/onsite events
- Develop online communities that facilitate social networking
- Provide professional development without costly travel or teleconferencing
- Increase efficiency and effectiveness of faculty, staff, and administration meetings
- Attract and retain qualified instructors and leverage limited teaching resources
- Hold virtual office hours for students and enable real-time tutoring and mentoring

“Insight teachers bring learning alive in their classroom sessions, iMentors “walk” students to class, students take part in extracurricular activities, and administrators assist their teachers, parents, and students, all through Elluminate technologies. More than anything else, Elluminate brings people together to make learning happen.”

– Kim Bonniksen, Director, Insight Schools

For technologists

An essential part of the academic infrastructure, Elluminate Live! provides a superior technical foundation that easily integrates real-time, online interaction into existing systems. Preserve investments already made with current collaboration options for a connected learning enterprise.

For trainers

Today, doing more with less has become standard operating procedure. And the first thing to get cut from a strained corporate budget is often training. With Elluminate Live! you can train more people in less time at a reduced cost, and make your meetings more efficient and effective.

The Elluminate Learning Suite

Elluminate Live! is an integral part of the Elluminate Learning Suite. Also included is Elluminate Plan!™ for organizing, scripting, and packaging content and activities before the live session and Elluminate Publish!™ for creating reusable learning content from Elluminate Live! session recordings. It's everything you need before, during, and after your real-time, online session.
